Huron-Perth Youth Employment Network

Who We Are

The **Huron-Perth Youth Employment Network's** purpose is to embrace and celebrate the contributions of youth in the workforce. It is also working to lay the foundation for a more inclusive and sustainable workforce across our region.

Our Goals

- Help identify and remove barriers that prevent youth of all abilities from accessing meaningful employment
- Strengthen employers' confidence and capacity to hire diverse talent
- Create opportunities for more young people to gain valuable work experience, develop skills, and build futures within their communities

When **youth** see **opportunities** to enter the world of work and **build careers** within their local community, **our communities benefit**.

What is the Huron-Perth Youth Employment Network?

The Huron-Perth Youth Employment Network supports the larger community by creating an environment where businesses can meet their labour needs and youth of all abilities see the opportunity to build sustainable careers within the communities where they live. Together, we're working to create an environment where youth and employers interact frequently, and with purpose.

Business Member Benefits

- Build connections, grow business viability
- Access to a pool of employment-ready youth
- Network with other local businesses
- Share expertise
- Access to a growing range of support and informational tools

Youth Member Benefits

- Receive pre-employment training
- Find mentorship
- Build confidence
- Connect with employers ready to hire youth
- Access resources, facilitator support and youth-specific financial tools

When youth are embraced by the local business community, they not only gain valuable skills and experience, but they put down deep roots in the community and witness, first hand, the career opportunities that exist right in their own back yard.
